

GARRY KRINSKY'S

TOYING WITH SCIENCE

PERFORMANCES AT THE UH HILO PERFORMING ARTS CENTER

It has been said that Garry Krinsky resembles a living cartoon with his animated movement and non-stop energy. His performance of *Toying with Science*, a fast-paced, varied and dynamic program that was commissioned and developed with the Museum of Science in Boston, brings science to life with motion, music, humor and insight.

This performance explores the scientific principles of gravity, leverage, fulcrums, simple machines and so much more. Combining circus skills, mime, original music and audience involvement, Garry and his audience investigate basic scientific information and delve into the imaginations of scientists who explore our world.

**RESERVATIONS ARE
REQUIRED**
and are filled in the order
received

Submit your reservation by:
Fax 932-7494
or by e-mail to
dayamada@hawaii.edu

ASAP
Shows fill up **FAST!**
