

# UH Hilo Performing Arts Center Educational Outreach Reservation Form

## TeAda Productions *Nothing Micro About Micronesia*

*Nothing Micro about Micronesia* is a coming of age story about two Micronesian boys who encounter an unlikely place after a series of conflicts between them. They must navigate between the directions from elders and the government systems who have had an impact on their current lives and states of being/belonging. Join these friends as they take us through their lenses of island life in Micronesia while facing the rising tides of their transitioning ages, complicated family matters, new findings about the world and themselves, and uncertain futures.

Recommended for students in Grades 4-8.
